CAFE HOPPING IN THAILAND

Written by Cotton Lau

In Thailand, there are thousands of beautiful cafés with unique features and grand themes. Today's article is going to show you several cafes around or near Bangkok with favorable vibes.

Dubua Café, in the province of Nakhon Pathom, The café has rural gardens plus a petting zoo and animal farm. Adults and children can have a good time enjoying tasty coffee and delicious treats as well as meeting all the animals and doing recreational activities like cycling or kayaking. The café also welcomes pets a perfect place for entertaining dogs. It has a market zone for selling handmade clothes and interesting snacks, which is mainly available at weekends and holidays.

Location: 88 8, Bang Kaeo Fa, Nakhon Chai Si District, Nakhon Pathom 73120, Thailand

Sap Nuar is also located in Nakhon Pathom. The attractive key feature is that the café is surrounded by rice fields. The café traditionally serves local Thai food, and the menu price is relatively reasonable. It creates loads of photo points for diners to check-in and take great photographs.

Location: Salaya 1/2, Salaya, Phutthamonthon District, Nakhon Pathom 73170, Thailand

Given that you prefer to stay in the city of Bangkok, Wallflowers Café will be a good choice. The café serves cakes according to the theme of flowers, which is gorgeous and palatable. Both the interior and exterior of the café is made of or decorated by bunches of dry flowers. During the daytime, it is a café, but it will transform into a bar at night with selling alcohol instead of coffee. Just an added bonus don't miss out on their Live Band Show, which is held every night.

Location: 31-33 ซอย ปทุม Pom Prap, Pom Prap Sattru Phai, Bangkok 10100, Thailand

Sometimes when you prefer meeting with clients out of the office, cafes can be a great alternative. Café Narasingh, located in the area of the royal palace, it is one of the first cafés in Thailand. When you enter the café, you can instantly feel the vibes of classic and vintage style and atmosphere.

Since the environment is quiet and solemn, it can be an ideal place for business meetings.
